

# PATHWAYS

Addictions Resource Centre

## Now recruiting Board Members

Pathways Addictions Resource Centre has been proudly serving the citizens of Penticton for over 43 years. Pathways continues to foster the well-being of the whole person and their connectedness to self, family and community when dealing with substance use and addictions. The staff work tirelessly to create pathways to possibilities to make this happen each and every day.

We are in search of dynamic Board Members to assist us to continue our much needed work in the community.

If you would like more information on becoming a Board Member or to learn more about Pathways and the work we do please contact:

Sherry Ure    Chairperson
